ADVOCATE HIGHLIGHT:

MARK MALTBIE

Mark Maltbie became the chapter leader of **OH-08** and has been active since starting at the end of April 2021. His first chapter meeting was in mid-July 2021, the delay being due to Covid. Two more meetings followed along with a Meet and Greet with **Congressman Warren Davidson** (image shown above) OH-08 in February 2022. On the members of his Chapter, Mark noted, *"We have a group of people ready to do what it takes to win America back, so whenever the news of the day starts to frustrate me, I can draw strength from them - I am not alone."* When asked what the most pressing issue facing the country is, Mark noted **election integrity**, followed by conservatives getting out the vote.

UPDATE:

In April, AMAC Action Advocates told **Disney** executives and board members to dump woke ideology or they will be dumped.

To date, **150,173** (and counting) emails have been sent by AMAC Action advocates to send a clear message:

Stop the sexual identity exploitation and "character indoctrination" of our children and grandchildren.

The rise in advocacy since April is no doubt a result of

AMAC Action's Sr Vice President **Andy Mangione's**

appearances on Dr. Sebastian Gorka's radio program and Newsmax TV program *"The Gorka Reality Check"*.

Watch it here!

Call-to-Action IN VICTORY!

AMAC members in **Indiana** let their voice be heard by sending over **1,400**

messages to the state legislature compelling legislators to override Governor Eric Holcomb's veto of a bill that prohibits biological male athletes from participating in female sports and provides remedies to those females denied athletic opportunities. In a special session, state senators voted 32-15 in favor of overriding the veto while the House also voted for the override in a 67-28 vote. *The bill also helps to keep biological boys out of girls' locker rooms and restrooms.*
