American PATRIOT Award – Kentucky

AMAC Action presented the *American PATRIOT Award*, a recognition of a person's fidelity to the American values of faith, family, and freedom, to Senator Rand Paul in August. Two well-attended Meet & Greet events were held in Louisville and Lexington. The events drew over 100 AMAC members and friends combined with the PATRIOT Award presentation taking place at the Louisville meeting. Senator Paul provided an update on current affairs in Washington, DC, posed for pictures with AMAC members, and answered questions from the audience.

AMAC Opposes the "Inflation Reduction Act"

AMAC Action sent a letter to Senate Minority Leader Mitch McConnell (KY) and Majority Leader Chuck Schumer (NY) stating the association's strong opposition to the so-called "Inflation Reduction Act"

This bill will spend billions on top of the trillions of dollars already spent by this Congress that led to this inflationary crisis. AMAC is also very concerned about the Medicare prescription drug price "negotiation" provision contained in this legislation, which is government price-fixing of pharmaceuticals. Price-fixing drugs leads to a reduction in research and development, which means fewer new therapies, artificial drug shortages, and rationing.
