Minnesota AMAC Members Flood State Senate with Messages to Oppose Extreme Abortion Bill

AMAC members in the North Star State sent over **1,200** messages to their state senators urging them to vote **NO** on a bill that would create a "fundamental right" to abortion without limits. This legislation would deny parents the right to know when their minor daughter is subjected to abortion. It would also allow the barbaric late abortion procedure known as partial-birth abortion.

Sadly, after multiple Republican amendments to make the bill less extreme were rejected and debate into the early morning hours, the bill passed by one vote. Despite this defeat, **AMAC Action** will continue undaunted in the defense of life in states throughout the country.

Legislative Roll Out for the Arizona 2023 Session

AZ-08 Chapter Leader Nikki Colletti and other **AMAC** members were present to interact with legislators and other groups to kick off the legislative session.

The coalition of groups present formed an exchange group called the *Arizona Liberty Network* where information, ideas, and event information can be disseminated.

Speakers included Senate President Warren Peterson and Representative Jake Hoffman for the *Republican Freedom Caucus*.

The president and vice president for *Arizona Free Enterprise* gave presentations, and the newly formed coalition partners presented their vision for 2023 and introduced their respective organizations to attendees.

AMAC Supports Bill to Defund Planned Parenthood

AMAC Action sent a letter in support of H.R. 128, the "Defund Planned Parenthood Act." This bill was introduced by Congresswoman Lauren Boebert (CO-03) and prevents Planned Parenthood and its associated organizations from taking the lives of unborn children and demands the repayment of funds back to the treasury when taxpayer money is used inappropriately to support them.

AMAC Action Releases 2022 Advocacy Annual Report

The voice of conservatives echoed throughout the country in 2022 as **AMAC** members participated in **65** call-to-action campaigns leaving more than **300,000** comments, messages, and phone calls for federal and state representatives, regulatory websites, and corporate executives. You can read all about the advocacy victories attained in 2022 [here](#).
