Dear Representative Duncan,

On behalf of AMAC Action, the advocacy arm of the Association of Mature American Citizens, with over 2.2 million members across the country, I am writing to express our strong support for your bill, H.R. 779, the No Social Security for Illegal Aliens Act of 2023.

Our members are deeply concerned about the preservation and integrity of Social Security, a program that millions of Americans, particularly our seniors, depend on for their financial security and well-being. The intent of Social Security has always been to provide benefits to those who have worked, contributed to the system, and are lawfully residing in the United States. Your commonsense legislation ensures that Social Security benefits will remain exclusive to eligible American citizens and lawful residents.

Your leadership in introducing this bill reflects a commitment to upholding the rule of law and protecting the financial future of our nation's seniors. AMAC Action stands firmly with you in this effort and appreciates your dedication to addressing the concerns of mature Americans. We believe that H.R. 779 is not only a matter of financial responsibility but also one of fairness and justice.

Thank you for your continued advocacy on behalf of American seniors and for your work in promoting legislation that aligns with the values and priorities of our members. AMAC Action looks forward to working with you to advance H.R. 779 and other initiatives that keep Social Security strong for current and future generations.

Sincerely,

A handwritten signature in blue ink that reads "Bob Carlstrom".
