Dear President Trump,

On behalf of AMAC Action, the advocacy affiliate for the Association of Mature American Citizens (AMAC), with over two million members nationwide, I write in dedicated support of your Great Healthcare Plan.

Seniors on fixed incomes are especially vulnerable to high prescription drug prices. This plan takes meaningful action to ensure Americans are no longer charged more for medications than patients in other developed countries.

The Great Healthcare Plan addresses rising insurance premiums by ending wasteful practices that benefit large insurance companies and middlemen instead of patients. Redirecting assistance directly to individuals restores choice, promotes competition, and helps seniors find coverage that fits their needs and budgets. Ending hidden kickbacks is a major step toward lowering premiums for everyone.

AMAC Action appreciates the plan's commitment to making the healthcare system easier to understand and navigate. Seniors should not need lawyers or specialists to decipher insurance policies or billing statements. Clear, plain-language explanations of coverage, pricing, and claims decisions will help seniors make confident choices and avoid costly surprises.

Transparency in healthcare pricing is another AMAC Action priority supported by our members. When providers and insurers clearly disclose prices upfront, patients are treated with respect and dignity. This accountability helps seniors compare options, plan ahead, and protect their retirement savings from unexpected medical expenses.

The Great Healthcare Plan reflects the conservative values of accountability, fiscal responsibility, and consumer empowerment. Our seniors deserve affordable, honest healthcare after a lifetime of work and contributions. AMAC Action stands ready to assist you in your effort to improve healthcare for seniors and all Americans across the country.

Thank you, Mr. President.

Sincerely,
